

**The Heritage Humane Society
Auxiliary Presents**

***Puttin' On The Tenor,
A Concert To Benefit The Animals***

***March 28, 2010, 4:00 p.m.
Phi Beta Kappa Memorial Hall,
College of William and Mary Campus***

Internationally acclaimed tenor Anthony Kearns is well known all over the world as one of *The Irish Tenors*. He was born in Kiltaley, Ireland, in 1971, and selected as an original member of the famous Irish Tenors in 1998, at age 27. His vocal range has contributed significantly to the sound and popularity of the group.

It is in his solo performances, however, that one experiences the unique talent of this gifted young man. He is in complete command of his craft and delivers performances that thrill and delight his audiences. On March 28, 2010, he will perform a medley of beautifully rendered opera and classical pieces, traditional Irish favorites, internationally recognized standards, and golden classics. He has the

ability to make every song his own, and is simply referred to by his fans as “**The Voice.**” He will be accompanied on piano by his good friend Patrick Healy, Music Director and Accompanist, who is quite a charmer himself!

Critics have compared Mr. Kearns to the great John McCormack, and referred to him as the “**Tenor of Our Times.**” He has also been named “**Ireland’s Best Living Tenor.**” With The Irish Tenors, he has appeared on PBS, and at many international venues including Wolf Trap, Madison Square Garden, Boston’s Fleet Pavilion, and the Hollywood Bowl. He has performed his solo concerts all over the world and continues to thrill audiences everywhere he goes!

About the Heritage Humane Society

Every dollar of the net proceeds from this event will go to support and benefit The Heritage Humane Society (HHS), an organization whose mission it is to provide for the care of injured, stray, or unwanted companion animals of the Greater Williamsburg area.

HHS is a private, nonprofit 501(c)(3) organization founded in 1992 by concerned animal lovers after the Williamsburg SPCA closed its doors. Volunteer led and staff driven, HHS is devoted to caring for animals through humane education, eliminating animal abuse and neglect, and responding to the growing needs of this community.

HHS Programs:

Maximum Adoption Program: HHS is committed to placing all adoptable animals in “forever” homes. While in their care, the HHS provides all of their animals with comprehensive health exams upon intake, and additional medical care and rabies vaccinations as needed.

Spay/Neuter Program: HHS partners with local clinics to offer low cost spay/neuter surgeries for shelter animals, and also to pets of low income owners. To help reduce the local animal population and eliminate the need for euthanasia due to lack of shelter space, the HHS’ goal is to spay/neuter 30 animals per month.

Humane Education Programs: Designed to improve the lives of Shelter animals, these programs include Shelter tours, school classroom and nursing home visits, summer camps, public lectures, and participation in numerous community events.
